MEMORANDUM FOR: DDCI

FROM:

Executive Secretary, NFIB

25X1

SUBJECT: Proposed NFIB Meeting, 18 October 1984

1. The Vice Chairman, NIC, has requested an NFIB meeting for 1400 hours, 18 October 1984, to consider two SNIE's:

- Iran: Prospects for the Regime (SNIE 34-84); and
- The Soviet Offensive Chemical Warfare Threat to NATO (SNIE 11/17-2-84).

2. I understand that the Iranian SNIE is coordinated and will be sent to the DCI today for approval. The Chemical Warfare SNIE is, however, controversial and still being coordinated. There is thus the chance that only one will be available for distribution to principals in time for the meeting.
